Chairman's Message

Dear Stakeholders,

We are pleased to share with you the Annual Report of your Company for the Financial Year 2019. Your company has maintained its double digit growth rate even in the trying times of the Steel Industry due to excellent goodwill with steel plants and agile strategy of the top management to pivot at a short notice. During the year your company saw a 10.37% growth in revenues from FY 2018. The growth has been from our old customers and also increase in exports.

You will be pleased to know that your company's exports have grown by 78% in FY 2018-19. This clearly shows how much confidence developed country's steel plants are placing in your company's products. We hope to gain more market share in the world market due to the Indian manufacturing competitive advantage, Make in India.

Your company has a healthy EBIDTA margin of 7.11% while increasing the revenues which has led to increase in absolute EBITDA by 13.47%. The EPS & PAT of FY 2019 have increased by 21.20% compared to FY 2018. The Profit After Tax stood at ₹ 5.76 Crores up from Rs 4.75 Crores last year on net sales of ₹ 190.83 Crores against ₹ 172.90 Crores last year.

Your company did its best production ever in FY 2018-19 in terms of quantity. The Aluminum wire rod plant came online in Feb 2019 and your company has already got confirmed orders from steel plants, despite us being new to the product. This clearly shows the confidence steel plants place when procuring critical items from your company. With this aluminum wire rod plant, your company expects to reduce raw material cost in its already established market. With these reduced costs, coupled with your company's brand name, we expect to get larger market share in the aluminum wire rod business.

I express my sincere gratitude to all fellow Directors for their invaluable contribution through their continuous guidance and encouragement, which have been momentous for the success of the company. I would also like to thank all our employees for their hard work, dedication and strong commitment towards our company.

I finally thank all of you, the stakeholders, for your continued patronage and trust in the management of your company. I assure you that we are committed to building a company, which we all shall be proud of.

Profit After Tax (PAT)	576.34	475.58

PERFORMANCE REVIEW

Iron & Steel sector has seen positive results in the past financial year after many years of poor performance. This is mainly due to two reasons, first being higher budget allocation by Central Government on infrastructure expenditure and measures to stop cheap steel imports from China. Overall it has been a good year for your company. Our revenues have increased by 10.37% and EBIDTA increased by 13.47%. Earnings per share have also increased by 21.20%. The growth has been steady despite many other players entering the market. We have been able to show good performance due to our client's trust in our product and their readiness to pay a premium for the same.

DIVIDEND

The Board consider that the profits of the company are attributed to the trust of the shareholders in the management of the Company. Accordingly, the board proposed to declare a dividend of 5% per equity share and the same has been placed for approval of shareholders of the company in the forthcoming Annual General Meeting (AGM). During the year under review, the Board in its meeting held on 21st May 2019 has recommended an amount of Rs. 68,44,875 as proposed dividend. The above proposal has been recommended by the Board of Directors of the Company which needs to be approved by the shareholders at ensuing Annual General Meeting.

RESERVES

The Company has not transferred any amount to the Reserves during the financial year.

SHARE CAPITAL

The Paid-up Equity share capital of the Company as on 1st April, 2018 was Rs. 13,68,97,500 divided into 1,36,89,750 Equity Shares of Rs 10/- each. No change was made during the year. The equity share capital thus, as on 31/03/2019 was Rs. 13,68,97,500.

EXTRACT OF THE ANNUAL RETURN

Management Discussion & Analysis

Demand for steel has been resilient. Compared to the global slowdown, Indian demand has shown resilience. Provisional figures compiled by analysts show a 7.5% rise in FY19 sales, making India one of the fastest-growing steel markets among large economies. Even though this is marginally lower, it still compares well with a 7.9% rise in FY18. In contrast, global steel demand is projected to slow to 1.4% in 2019, more than halving from the 3% increase in 2018.

Data from Joint Plant Committee of Ministry of Steel showed a 7.8% rise in steel consumption from April 2018 to January 2019. According to SBICAP Securities Ltd, demand in the subsequent two months increased 7.7% and 8.8%, respectively. This pegs consumption growth during January-March (Q4 FY19) at 6.4%, points out Emkay Global Financial Services Ltd, notably better than the December quarter when demand decelerated. Inventory restocking and the seasonal upswing in demand have driven volumes in the last three months. Tata Steel Ltd's India operations reported a 56% jump in sales volume last quarter. The growth was partly aided by capacity expansion following its acquisition of Bhushan Steel Ltd last year. Even so, higher volumes should help mitigate the impact of subdued prices.

Demand in India is largely being driven by the infrastructure sector. According to SBICAP Securities, demand for long steel products increased 9.6% during the April 2018-February 2019 period. Comparatively, demand for flat products, which largely emanates from the automobile sector, is up 4.8%. With automobile sales decelerating further in recent months, the fear is that a prolonged slowdown could impact steel demand in the coming months. According to Edelweiss Securities Ltd, about 20% of total steel in India is consumed by the automobile sector.

Another challenge is the slowdown in China. This demand slowdown in China is driving imports to India. The sharp fall in international prices increased imports to India, weighing on domestic prices. The rise in iron ore prices due to supply disruption in Brazil pushed up global steel prices, benefiting producers such as Tata Steel. But with iron ore supplies rising in the home market, this advantage is expected to erode, making demand recovery in global markets crucial for Indian producers.

Opportunities

Steel demand is steady and is holding its own despite global and domestic slowdown. The infrastructure spending and capital expenditure which the Indian Government is planning is expected to give a lot of boost in long products. We expect the demand of steel to further increase due to the mandate in Railways for increasing the network for both passenger and freight traffic.

The steel sector has stabilized due to consolidation of steel companies thanks to the IBC law implementation by the Government. Weaker players weighing down the industry have been weeded out. The working capital cycle, clarity in inputs requirements and brand recognition has improved due to this consolidation.

The on-going trade war between EU, USA and China adds a slew of opportunities for Indian steel as well as Indian raw materials. Exports of steel and various inputs of steel sector are most likely to see an increase. One of the chief reasons for increase in exports is globally Iron prices are increasing, whereas Indian Iron prices are holding steady. Therefore, increasing demand of competitive Indian Steel and thereby increasing demands of the steel inputs in India.

Threats

The main threat to the Indian steel industry is from cheap steel imports which the Chinese companies are dumping in India. With the Chinese steel facing closed doors in USA, they only have India to look towards in light of waning domestic steel demand. The current government has put safeguard duties for the same and protected the local industries. However, it is not clear for how long these duties shall prevail.

The consolidation from IBC has led to an Oligopolistic market in India with entire steel sector coming into the hands of the few. The purchases shall soon be consolidated making it hard for vendors. Loss of a single tender can lead to losing sales for the entire year for that particular steel conglomerate.

The Aluminum industry has shown very weak global demand due to trade war between China and USA. The American market being closed to China, aluminum scrap being generated in America is finding it's way to India in troves with a few takers, bringing the Indian markets to new lows.

Automotive industry accounts for 20% steel consumption of the entire Indian Steel Industry. Demand for auto sector is lowest in more than 15 years with industry operating at 60% capacity utilization. Due to low demand in auto sector steel demand is expected to slow down.

Product Wise Performance

Sarthak Metals Limited has four manufacturing divisions as on 31st March 2019 i.e. industrial oxygen manufacturing, cored wire manufacturing plant, Aluminum wire rod manufacturing plant and Ferro Aluminum manufacturing plant. The industrial oxygen plant is of 200 Cubic Meter per hour capacity. It has been giving steady performance and catering to nearby steel fabrication companies. The cored wire division of the company manufactures various cored wires and aluminum flipping coils for the Iron & Steel companies. Your company has also Commissioned Aluminum wire rod manufacturing plant, which shall be the raw material for Aluminum flipping coil. This will lead to increase in contribution in turnover by Aluminum flipping coil.

The product wise performance of cored wires, aluminum flipping coil Ferro Aluminum & Industrial gases has been briefed in the table below:

Table: Breakup of Turnover

Product Name	Contribution to Turnover (in Percentage)
Cored Wires	65.44%
Aluminum Flipping Coil	25.32%
Ferro Aluminum	7.76%
Industrial Gases	1.48%
Total	100%

INDEPENDENT AUDITORS' REPORT

TO
THE MEMBERS OF
M/s SARTHAK METALS LIMITED

Report on the audit of the financial statements

Opinion

We have audited the standalone financial statements of M/s SARTHAK METALS LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Paragraph 40(b) of this SA explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 40(c) explains that when law, regulation or applicable auditing standards expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or

when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure-'B' to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s SARTHAK METALS LIMITED (Formerly known as Sarthak Metals Marketing Private Limited)** ("the Company") as of 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SARTHAK METALS LIMITED
(Formerly Known as SARTHAK METALS MARKETING PRIVATE LIMITED)
Notes to financial statements for the year ended March 31, 2019

Note 1**1. SIGNIFICANT ACCOUNTING POLICIES****1.1 Corporate Information**

Sarthak Metals Limited (hereinafter referred to as 'the Company') is a public company domiciled in India. Earlier the Company was known as Sarthak Metals Marketing Private Limited. Its shares are listed on BSE SME Stock Exchange. The company is engaged in the manufacturing and selling cored wires ferro alloys aluminium wire industrial gases and related items.

2. BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013 read together with paragraph 7 of the Companies (Accounts) Rules 2014 and Companies (Accounting Standards) Amendment Rules 2016. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies have been consistently applied by the Company and are consistent with those of previous year.

2.1 Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments estimates and assumptions that affect the reported amounts of revenues expenses assets and liabilities and the disclosure of contingent liabilities at the end of the reporting year. Although these estimates are based on the management's best knowledge of current events and actions uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

2.2 Fixed assets**Tangible Fixed Assets**

Tangible fixed assets are stated at cost of acquisition or construction less accumulated depreciation and impairment loss if any. The cost of an asset comprises of its purchase price and any directly attributable cost of bringing the assets to working condition for its intended use. Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets including day-to-day repair and maintenance expenditure and cost of replacing parts are charged to the statement of profit and loss for the year during which such expenses are incurred.

Intangible fixed assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition intangible assets are carried at cost less accumulated amortization and accumulated impairment losses if any.

2.4 Depreciation

Depreciation on fixed assets is calculated on a written down value method using the rates arrived at

based on the useful lives estimated by the management as prescribed in Schedule II to the Companies Act 2013 on a pro-rata basis from the date the asset is ready to put to use.

The appropriateness of depreciation/amortisation period and depreciation/amortisation method is reviewed by the management in each financial year.

2.5 Impairment of tangible and intangible assets

The Company reviews the carrying amounts of assets at each balance sheet date to ascertain if there is any indication of impairment. If any indication exists the asset's recoverable amount is estimated. For assets that are not available for use the recoverable amount is estimated at each reporting date. An impairment loss is recognised wherever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount and is recognised in the Statement of Profit and Loss. After impairment depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognised in the prior accounting period is reversed if there is change in the estimate used to determine the recoverable amount. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

2.6 Inventories

Raw materials components stores and spares are valued at lower of cost and net realizable value. However materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials components and stores and spares is determined on FIFO basis. Finished goods are valued at lower of cost and net realizable value. Cost includes direct materials. Cost of finished goods includes GST. Cost is determined on FIFO basis. Traded goods are valued at estimated cost based on the selling price of the stock based on the past practice. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

2.7 Income Tax

Tax expense comprises current and deferred tax. Current tax is provided for on the taxable profits of the year at applicable tax rates. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realised against future taxable profits. The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available.

2.8 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Sale of traded goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The Company collects GST on behalf of the government and therefore these are not economic benefits flowing to the Company. Hence they are excluded from revenue. GST is deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Other operating income

Revenue from other sources have been recognized on accrual basis.

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

2.9 Investments

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as long-term investments. Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However provision for diminution in value is made to recognize a decline other than temporary in the value of the investments. On disposal of an investment the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

2.10 Foreign currency translation - Foreign currency transactions and balances

Initial recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are measured in terms of historical cost rate at denominated in a foreign currency are translated using the exchange rate at the date when such value was determined the date of the transaction.

Exchange differences

The exchange differences arising on account of conversion / settlement of transactions are recognised in the statement of profit or loss as income or expenses in the period in which they arise.

2.11 Employee benefits

Salaries wages and bonuses are accrued in the year in which the associated services are rendered by employees of the Company. Other employee benefits include provident fund superannuation fund gratuity fund compensated absences long service awards and post-employment medical benefits. The Company's contribution to provident fund and superannuation fund are charged as an expense as they fall due based on the amount of contribution required to be made.

2.12 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.13 Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

2.14 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

2.15 Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

2.16 Deferred Revenue Expenditure
